October 7, 2025

Douglas Martin, Director of Economic Development City of McHenry 333 S. Green Street McHenry, IL 60050

**RE:** TIF Consulting Services

**Director Martin:** 

Please accept the following proposal for services relating to the evaluation/creation of a new Tax Increment Financing (TIF) District(s) in the City of McHenry. I am excited about the possibility of working with the City to put in place the tools needed to see this area redeveloped.

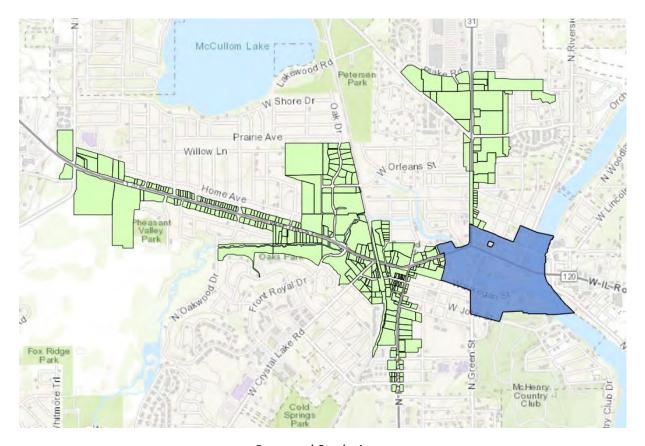

The proposed Study Area will focus primarily on parcels located in the: 1) Richmond Road Corridor / McCullom Lake Road area, and 2) Main Street / West Illinois Route 120 Corridor / Elm Street area. The project will involve evaluation of these two areas for TIF eligibility, the creation of associated redevelopment plans including a projection of potential increment and budget for the proposed districts, and assistance through the adoption process. As we have previously discussed when I presented my initial evaluation to the City Council, proving eligibility of undeveloped parcels will be more challenging than developed areas within the proposed Study Areas, and may require coordination with the City Engineer or a designated engineering consultant.

We understand the confidential nature of this project and are committed to working with you to quickly evaluate eligibility and develop a redevelopment plan (or plans) and program for the study area. We would estimate an approximate four (4) to six (6) month time frame from project initiation to approval of a new TIF district, and a not-to-exceed fee of **\$40,000** (excluding mailing costs and legal description). If a Housing Impact Study is determined to be required (which is unlikely), an additional fee of \$5,000 would be required.

Attached is a recommended scope of services, following all requirements of the Illinois TIF Act. I have personally worked with communities throughout the State (including many of your neighboring communities such as Harvard, Woodstock, Fox Lake and Wauconda, among others) on the creation of over 100 TIF districts, and I would be happy to provide you with additional references or recent TIF project summaries as desired. Should you have any questions, feel free to give me a call at 847-563-9741 or e-mail at Plosue@TeskaAssociates.com.

Sincerely,

Pete Iosue, AICP Associate Principal

**Proposed Study Areas**

## Teska Associates, Inc.

Teska Associates, Inc., founded in 1975 is a planning, landscape and urban design firm based in Evasnton and Plainfield, Illinois. We specialize in community planning, development economics, landscape architecture and site design Having completed dozens of comprehensive plans, corridor and sub-corridor plans, special are and downtown plans, zoning and transit-oriented/urban redevelopment projects - we strive for all to incorporate cutting edge designs, new media, and visualization graphics to enhance the clarity and usability of the plans. Our practice includes both public and private sector clients - so we understand the perspectives from both sides of the development business. That diversity informs and strengthens our work in making plans, crafting development regulations and

Teska believes strongly in commynity participation and stakeholder processes that inspire community consensus. A key to that public input is using design techniques and interactive media to communicate goals for the built environment, development scenarios and plan alternatives - as well as supporting creative brainstorming and discussions. Our processes breathe life into projects by creating a pictorial sens of place that residents can see and relate to. These processes are used throughout our work, from developing ideas and inspiring community input, to creating plan strategies and implementing projects.

reflecting market realities.

#### Services

Community Planning Development Economics Site Design Landscape Architecture Technology

The planners, landscape architects, and designers at Teska believe in the following values:

Building Livable Communitie

Creating Memorable Places

Delivering Market-Savvy Solution

Building Client Capacity

Building Relationships

Going the Extra Mile

Using Appropriate Technology

Giving People Choices

Providing Honest Answer

Ensuring Economic Sustainability

## Teska Associates, Inc.

#### VALUES

The planners, landscape architects, and designers at Teska believe in the following values:

**Building Livable Communities** 

We are passionate about creating livable communities; places with a strong economy, walkable and safe streets, and great venues to play and interact with neighbors.

Creating Memorable Places

We strive to craft exceptional people places that fit their environment while helping to create a positive buzz about your project or community.

Using Appropriate Technology

We admit to a fondness for the latest tech tools and tricks. We also stay true to simple approaches like hand sketches and building block exercises.

**Building Client Capacity** 

We equip clients for success; sharing our expertise, leadership, and creativity while educating communities on the what, where, how, and why of win-win development solutions.

#### **Building Relationships**

We cherish long-term client-consul tant relationships built by listening intently to client needs, maintaining clear and frequent contact, provid ing timely and responsive service, and exceeding expectations.

#### **Ensuring Economic Sustainability**

We believe that profit and strong communities are intertwined. De velopments and local infrastructure must meet community demands while producing fiscally responsible impacts on municipalities and profits for the development team.

#### SELECTED EXPERIENCE

Mr. losue's focus has been on helping small to medium sized communities with review of current development proposals, development of appropriate zoning regulations, development of comprehensive plans, and the creation and maintenance of Tax Increment Financing (TIF) districts. Mr. losue serves as the Village Planner for the Village's of Beecher and Broadview, and is currently working on a wide variety of special projects including: Tax Increment Financing districts for Villa Park, Blue Island, Bedford Park, Monee, and Gilman; Business Improvement District for Hodgkins; update of the Rochelle Comprehensive Plan; Corridor Plan for St. Charles Road in Berkeley; and update of the Beecher Zoning Ordinance.

Prior to joining Teska Associates, Inc., Mr. Iosue spent over four years serving as the Assistant City Planner for the City of Hammond, IN. He provided staff support for the Hammond City Plan Commission, Board of Zoning Appeals and Historic Preservation Commission, and was responsible for compiling and maintaining census information for the City.

# Tax Increment Financing (TIF) PROJECT UNDERSTANDING

Teska will perform TIF consulting services for the City relating to the two (2) proposed study areas, including:

- 1. Richmond Road Corridor / McCullom Lake Road
- 2. Main Street / West Illinois Route 120 Corridor / Elm Street

Teska has performed an initial evaluation of the proposed study areas and presented findings to the City Council on May 5, 2025. If selected by the City, Teska will perform a complete and in-depth analysis of the two (2) proposed study areas and prepare a comprehensive eligibility report for each of the proposed areas in Phase 1. At this point the City can review the findings and either move on to Phase 2 or stop the process if the eligibility findings demonstrate that the study areas do not qualify for TIF designation, at no further expense to the City.

In Phase 2, Teska will prepare a redevelopment plan for each of the proposed districts that are shown to qualify in Phase 1. The redevelopment plans will comply with all requirements of the Illinois TIF Act, including a proposed budget, compliance with the City's comprehensive plan, impact on taxing districts, etc.

There is the potential for a housing impact study (Phase 3) to be performed if there are significant residential properties within one (or both) of the proposed Study Areas. This would require a separate analysis of comparable relocation housing, and an additional public meeting for the affected residents. It is unlikely that this additional phase will be required, but this will need to be determined when the field study is conducted and an accurate count of housing units is identified.

Finally, Teska will assist the City with the adoption of one or both redevelopment plans in Phase 4. This will require a Joint Review Board meeting with the taxing districts as well as a public hearing for each proposed TIF district. These meetings can be conducted on the same days to save on time and costs to the City. Teska will also coordinate with the City attorney to prepare the required notices and ordinances, and filings with the County.

Teska can handle all of these tasks but will require assistance from the City with the mailing of required notices and publications in the newspaper. The City will also be responsible for preparation of a legal description for each TIF area.

Teska can also assist the City with the filing of annual TIF reports, and evaluation of potential redevelopment projects once the proposed districts are established.

# Tax Increment Financing (TIF) SCOPE OF SERVICES

The process for creating a new TIF district for the Study Area is clearly defined in Illinois Statutes and typically takes approximately four (4) to six (6) months. The process involves evaluation of the area for eligibility, creation of a redevelopment plan, and a Joint Review Board meeting with affected taxing districts and a public hearing.

We propose a multi-phase approach, including the following steps:

#### PHASE 1: ELIGIBILITY FINDINGS REPORT

#### 1.1 Kick-Off Meeting.

Teska will meet with the City to discuss the project. Discussion topics will include the proposed Study Area boundary, coordination with the City Engineer regarding potential flooding issues, infrastructure, potential redevelopment projects, project phasing, meeting schedules, process (public notices, etc.) and adoption.

#### 1.2 Eligibility Field Inventory.

Teska will conduct a field survey of all parcels (and structures) within the designated Study Area in order to identify the existing land uses, vacancies, site conditions, above ground public infrastructure conditions, and the characteristics of any existing buildings in accordance with the eligibility criteria contained in the Act. A selective photographic inventory of the properties covered in the field survey of the Study Area will be prepared.

#### 1.3 Background Data Collection and Analysis.

Teska will work with the City (and the appropriate McHenry County departments) to obtain supplemental information from official records related to the eligibility of the proposed Study Area. Supplemental information includes base maps with tax identifiers, ages of structures, presence of illegal uses, documented code violations, occupancy and vacancy status of structures, infrastructure deficiencies, equalized assessed values, and tax delinquencies. The information obtained through the field survey and through the review of pertinent documents will be tabulated and analyzed to ensure that the proposed Study Areas are eligible as a Redevelopment Project Area in accordance with the Act.

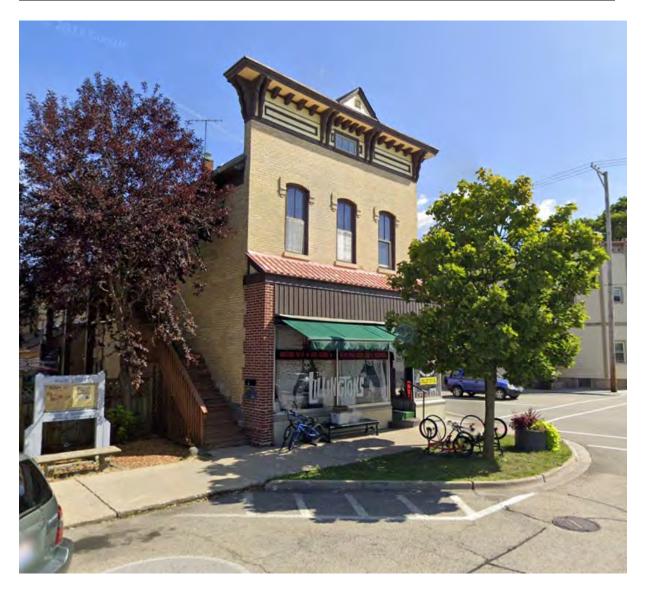

#### 1.4 Eligibility Findings Report(s).

A draft report (or reports) will be prepared for the Study Areas which will outline the eligibility status of the parcels included in the proposed TIF districts. The report will include maps to show the proposed TIF boundaries, and any documented eligibility criteria existing within the Study Areas.

#### 1.5 Eligibility Review Meeting.

Teska will meet with the City, either at a City Council meeting or at a more informal staff level meeting, to review the draft Eligibility Findings Report(s), determine the final boundaries for the new TIF district(s), and discuss the process of moving forward with the preparation of Redevelopment Plans, and plan adoption.

Note: If the Eligibility Findings Reports conclude that one or both of the Study Areas are **not** eligible for TIF designation, or for any other reason as determined by the City, the process can be ended at this point and we will not proceed on to Phase 2, at no additional expense to the City.

#### PHASE 2: PROJECT REDEVELOPMENT PLAN

#### 2.1 Plan Preparation.

Teska will prepare a Redevelopment Plan(s) for the Project Areas, as determined in Phase 1.5, that will include all required plan elements as outlined in the Tax Increment Allocation Redevelopment Act (Chapter 65 ILCS 5/11-74.4-1, et seq.) of the Illinois Statutes as amended. Highlights of the Redevelopment Plan's elements will include:

- Project Area boundary description, and corresponding maps and related exhibits;
- Redevelopment Plan and Program goals and objectives;
- Proposed Project Area land use plan, infrastructure, and public improvements;
- Examination of key redevelopment sites within the Project Area; and
- Proposed TIF Budget based on projected incremental revenue through the life of the TIF.

#### 2.2 Identification of Public Notice of Meetings.

Teska will identify the property owners of record and subsequent public notice lists for all properties located within the Redevelopment Project Area, and all residential properties located within the Project Area, and within 750 feet, as required by the Act. Teska will prepare all required notice letters. The City will be responsible for executing all mailed and published public notices.

#### 2.3 Report Submittal and Review.

A draft Redevelopment Plan (or plans) will be prepared and submitted for review by the City. Teska will attend one (1) meeting to review and discuss the draft Redevelopment Plan. Teska will revise the draft Redevelopment Plans as necessary and create a Final Draft version of the Redevelopment Plans suitable for the TIF adoption process outlined in Phase 3.

#### PHASE 3: HOUSING IMPACT STUDY (IF REQUIRED)

Teska will prepare a Housing Impact Study, if required. The Act requires that a Housing Impact Study be prepared if there are ten (10) or more residential units to be relocated, or seventy-five (75) or more residential units in total, located within the Project Area. If it is determined that a housing impact study is required, Phase 3 will be conducted simultaneously with Phase 1 and Phase 2. Teska's initial review of the Study Areas suggests that this is possible for Main Street/Route 120 area, although unlikely.

#### 3.1 Housing Field Inventory.

Teska will conduct a field survey of the parcels in the proposed Project Area(s) (as identified in Task 1.2) to identify all residential properties within the Project Area(s) and the approximate number of residents affected by the Redevelopment Plan. (This field inventory will be combined with the eligibility field study to reduce on costs to the City).

#### 3.2 Housing Impact Study.

A draft Housing Impact Study will be prepared which will outline the type of residential units (single-family, multi-family, etc.), number of bedrooms (if available), occupancy, and racial/ethnic background of residents. The most recent data from the federal census, American Community Survey will be the primary source of the demographic data, except for occupancy, which will be based on field observations and direct contact, where possible, with landlords for multi-family properties. The Housing Impact Study will also focus on any potential removal of housing units, potential relocation assistance, and the availability of replacement housing.

#### 3.3 Public Meeting.

One (1) additional public meeting is required if the proposed Project Area(s) necessitate preparation of a Housing Impact Study. This meeting would occur prior to mailing notice of the public hearing. Teska will assist the City in preparation of required notices and attend the public meeting to present the proposed redevelopment plan and answer questions from the public.

#### PHASE 4: ADOPTION OF REDEVELOPMENT PROJECT

#### 4.1 Coordinate with City/TIF Attorney.

Teska will coordinate with the City Attorney (or consultant TIF attorney) to create a timeline for the adoption of the TIF and assist with the preparation of all required public notices and approval ordinances.

#### 4.2 Joint Review Board Meeting.

The City will convene a Joint Review Board (JRB) meeting for the affected taxing districts for the Project Area as required by TIF statute. Teska will provide written notification along with a copy of the draft documents to the affected taxing districts and attend the meeting of the JRB to present the findings of the Redevelopment Plan and associated Eligibility Findings Report.

#### 4.3 Public Notice of Meeting.

In advance of this task, Teska will have prepared and will provide to the City, a taxpayer of record list for each Property Identification Number (PIN) within the Redevelopment Project Area.

#### 4.4 Public Hearing.

Teska will participate in one (1) formal public hearing as required by Illinois Revised Statutes to discuss the proposed TIF Plan and Program, discussion points from the Joint Review Board Meeting, and respond to questions from the public.

#### 4.5 City Council Deliberation.

Teska will participate in one (1) City Council meeting to answer any remaining questions and assist with the TIF adoption process.

#### 4.6 Revisions.

Teska will perform revisions to the draft Eligibility Study and draft Redevelopment Plan(s) as necessary, based on comments from the public hearing, Joint Review Board meeting, and City Council recommendations. Teska will submit final Redevelopment Plans and associated Eligibility Findings Reports, in print and electronic format.

#### 4.7 Filing of Required Documents.

Teska will assist the City in submitting all required forms and data to McHenry County and the Illinois Department of Commerce and Economic Opportunity.

**Required Public Notices.** The City will be responsible for executing all required mailed and published public notifications of the Joint Review Board, public hearing and any other required public meetings and notices as described in state statutes and will keep complete records of these notices. Teska has an ongoing relationship with a mailing house that can handle the mailings for an additional nominal fee plus postage costs if the City desires.

**Continuing TIF Services**. Teska can assist the City of McHenry with required annual Joint Review Board meetings and/or the filing of required annual TIF reports to the Illinois Department of Commerce and Economic Opportunity as required by the Act. Teska can also assist the City with review of proposed TIF projects and requests for TIF assistance by property owners and developers within the newly established redevelopment project area.

#### **COST ESTIMATE:**

The project may be terminated after Phase 1 if the eligibility report(s) indicate eligibility is not sufficient to accomplish the City's goals, at no additional cost to the City. If the City decides to proceed with only one (1) district, costs will be reduced accordingly. Tasks relating to both proposed TIF Districts (field work, research, mapping, required meetings, etc.) can be conducted simultaneously to save on time and expenses to the City.

In addition, costs related to the establishment of a TIF district are considered as eligible TIF expenditures and can be reimbursed to the City by the TIF fund after the TIF(s) are approved.

| PHASE                                                                                     | COST     |
|-------------------------------------------------------------------------------------------|----------|
| Phase 1 – Eligibility Findings Reports (two reports)                                      | \$20,000 |
| Phase 2 – Project Redevelopment Plans (two reports) (including TIF increment projections) | \$15,000 |
| Phase 3 – Housing Impact Study (If necessary)                                             | \$5,000  |
| Phase 4 – Adoption of Redevelopment Plans                                                 | \$5,000  |
| Total *                                                                                   | \$40,000 |
| Total (with Housing Study) **                                                             | \$45,000 |

<sup>\*</sup> Total cost **excludes** costs for preparation of a **legal description** and **mailing costs** for required notices. Teska has relationships with local engineers and a mailing company that can be utilized at the City's direction to accomplish these tasks. Additional development advisory services can be provided at an hourly rate of \$155/hr. for Pete Iosue (or \$125/hr. for Associate level support).

<sup>\*\*</sup> Housing Impact Study is dependent on number of residential units and may or may not be required. However, after Teska's initial review (and presentation to the City Council) it is not anticipated that a Housing Impact Study will be required for either proposed district).

#### **RECENT TIF PROJECTS:**

Teska has worked with many Illinois communities in the creation of TIF districts, including neighboring communities to McHenry such as Harvard, Woodstock, Wauconda, Fox Lake, Lake Zurich, Crystal Lake, and Fox River Grove. Teska has helped with the creation of over 100 TIF districts in the Chicagoland area and has extensive experience in the creation of new districts, amending existing districts, reviewing TIF eligible projects and required annual reporting.

Local TIF references include:

Donovan Day, Community and Economic Development Director City of Harvard 815-943-6468 day@cityofharvard.org

Sarosh B. Saher, Community Development Director Village of Lake Zurich 847-540-1754 Sarosh.Saher@LakeZurich.org The following sample TIF projects represent Teska's wide range of TIF expertise from smaller more targeted commercial districts, to larger districts including multiple corridors and land uses, and reconfiguration of existing TIF district boundaries (see detailed project sheets on following pages):

#### Village of Hodgkins

Example of an amended TIF district. Teska worked with the Village to create a new TIF district and then amended the district to adjust the district boundary to accommodate new redevelopment. (contact: John O'Connell 708-579-6700)

#### Village of Bedford Park

Example of ongoing TIF relationship. Teska has worked with the Village for roughly 20 years to create multiple TIF districts and has an ongoing relationship with Village to review proposed redevelopment projects. Recent projects include review of the newly opened Wintrust event center and the recently approved training facility for the Chicago Sky. (contact: Larry Gryzczewski 708-403-5600)

#### Village of Broadview

Example of ongoing TIF relationship. Teska has worked with the Village for roughly 20 years to create multiple TIF districts and has an ongoing relationship with Village to review proposed redevelopment projects. Currently working on updating the Village's comprehensive plan. (contact: David Upshaw 708-345-8174)

#### Village of Lake Villa

Worked with the Village to develop the downtown plan, downtown TIF district, and downtown Business Development District. Currently working on evaluation of a new TIF district in the Village's industrial area. (contact: Michael Strong 847-356-6100)

#### Village of Monee

Worked with the Village to create a new combined TIF district to replace multiple existing smaller districts, which allowed for the development of the new Amazon distribution center. Teska has an ongoing relationship with Village to review proposed redevelopment projects. Currently working with the Village to amend the existing TIF district to include new parcels for future planned redevelopment. (contact: Bill Barnes 815-641-8740)

#### HODGKINS, IL

#### TAX INCREMENT FINANCING

The Village of Hodgkins establish TIF District #3 in 2011. Due to a down economy and decreasing property values within the Village since the establishment of the District, the Village initiated reconfiguration of the existing District and the creation of the new East Avenue Tax Increment Financing District #4. This process allowed for the new TIF district to establish a lower base property value to compensate for the unanticipated decrease resulting from the recent downturn in the economy, and allows the Village to capture additional incremental revenue that was anticipated by the original TIF plan.

The old (left) and new (right) TIF District boundaries.

New construction within the TIF district.

Vacant land suitable for industrial development

Vacant retail center (currently fully occupied)

Teska Associates, Inc. www.TeskaAssociates.com

The Village of Bedford Park has a small residential population and a relatively large industrial base, along with several successful existing tax increment financing districts. Teska was retained to evaluate a large industrial area including several vacant and underutilized properties for TIF eligibility. The eligibility study and accompanying redevelopment plan was approved and adopted by the Village in July 2010, and will complement the Village's existing commercial TIF districts.

Mature suburbs face a number of challenges when it comes to redevelopment. The Village of Broadview Comprehensive Plan, developed by Teska, identified a number of sites throughout the community that were underutilized. One key underutilized area was a 10 acre area at the southwest corner of 19th Street and 17th Avenue. This site contained an old bowling alley and several other vacant or declining properties. The Village retained Teska to determine eligibility, create a redevelopment plan, and assist in negotiation and plan review for a new commercial development. Despite a difficult economy, a Chase Bank recently opened and the developer, Heritage Companies, is actively marketing the remainder of the Center.

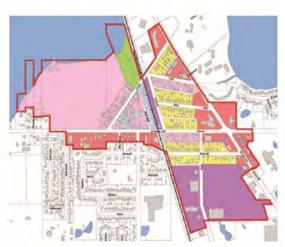

Teska Associates, Inc. www.TeskaAssociates.com

19th Street Tax Increment Financing Redevelopment Plan and Amendment Village of Broadview, Illinois

### Lake Villa, IL

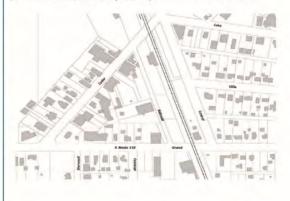

Malification in wheels for Deposits and Depo

In 2012, Teska Associates led a consulting team to work with the Village of Lake Villa to develop a Transit Oriented Development (TOD) plan which created an economic development strategy for the downtown business district. One of the key recommendations in the plan was to create incentives for public private partnerships to support economic development.

In 2015-2016 Teska led two parallel efforts to put in place a Tax Increment Finance (TIF) District and Business District to implement the recommendations in the Plan. The goal of the Downtown TIF is to support private investment in the downtown commercial district and nearby industrial park. Various development sites have been identified including the 60-plus acre Sherwood Park property located on Cedar Lake, which has been vacant since the privately-owned park closed in 1991 as well as opportunities for redevelopment of older buildings in the downtown.

Teska also worked with the Village to create a Downtown Business District to expand the financial incentives to raise funds for matching grants, support private investment, and make public improvements to the downtown.

Teska Associates, Inc. www.TeskaAssociates.com

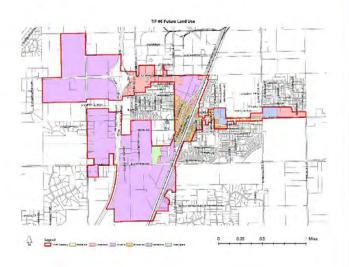

MONEE, IL

#### TAX INCREMENT FINANCING

In 2015, the Village of Monee had three active TIF districts that were all underperforming. Teska was hired to help the Village evaluate the existing TIF districts, and to help address the underlying issues relating to the TIFs. The Village's comprehensive approach to evaluating their TIF districts lead to the removal of parcels from the existing TIF districts, and the creation of a new, expanded TIF district in their place. This new TIF District #5 incorporates the downtown area as well as the heavily industrial areas to the west along Monee-Manhattan Road, and to the south along I-57. This new TIF district was instrumental in the Village's negotiations to secure a new 850,000 square foot Amazon Fulfillment Center providing hundreds of jobs within the Village.

TIF District #6 was created in 2017 to compliment and further incentivize industrial areas adjacent to the new Amazon Fulfillment Center and the I-57 interchange at Monee-Manhattan Road.

Professional Services Contract
Between The City Of McHenry
And TESKA ASSOCIATES, Inc.
For
TAX INCREMENT FINANCING
ELIGIBILITY STUDY

Revised 10/6/25

This contract (the "Contract") is dated as of this 20<sup>th</sup> day of October 2025 by and between the City of McHenry, an Illinois municipal corporation (the "City"), and Teska Associates, Inc. (the "Consultant"). In consideration of the mutual covenants and promises contained herein, the parties agree as follows:

#### **ARTICLE 1. THE SERVICES**

- 1.1 Intent. It is the intent of the parties that this Contract govern the relationship of the parties.
- Services. The Consultant will perform for the City the services referenced in its scope of work dated October 2, 2025, and attached hereto as Exhibit A (the "Scope of Services") and Exhibit A-1 (the "Study Area Boundaries"). All of the Services will be fully completed no later than December 10, 2025 (the "Completion Date").
- Responsibility of Consultant to Perform. The Consultant must provide all personnel necessary to complete the Services. The Consultant must perform the Services with its own personnel and under the management, supervision, and control of its own organization. No subcontracts will be permitted without amendment of this Agreement.

#### ARTICLE 2. COMPENSATION AND PAYMENT

- 2.1 <u>Compensation</u>. As compensation for the performance of the Services ("Compensation") during the term of this Agreement and before the Completion Date, the City will pay the Consultant a not-to-exceed price of \$20,000, to be billed at an hourly rate not to exceed \$155/hour. Payments will be based on monthly billings. Except for the Compensation, the City will have no liability for any expenses or costs incurred by the Consultant.
- Suspension or termination of Services. The City, at any time and for any reason, may suspend or terminate work on any or all Services by issuing a written work suspension or termination notice to the Consultant. The Consultant must stop the performance of all Services within the scope of the suspension or termination notice until the City directs the Consultant in writing to resume performance, if at all. The Consultant shall only be paid through the date of suspension or termination.
- 23 <u>Time of the Essence</u>. Time is of the essence for the Services and all activities with regard to the performance of the Services.
- Taxes. Consultant is responsible for all applicable federal, State of Illinois, and local taxes of every kind and nature related to the services provided by the Consultant including all taxes, contributions, and premiums for unemployment insurance, old age or retirement benefits, pensions, annuities, or other similar benefits. The Consultant will never have a claim or right to claim additional compensation by reason of the payment of any such tax, contribution, premium, costs, royalties, or fees.

- Final Payment. The Services will be considered complete on the date of final written acceptance by the City of the Services or the relevant phase of the Services. Services related to a submission of the Consultant will be deemed accepted by the City if the City does not object to those Services in writing within 30 days after the submission by the Consultant of an invoice for final acceptance and payment The City will make final payment to the Consultant within 30 days after final acceptance of the Services, after deducting therefrom charges, if any, as provided in this Contract ("Final Payment"). The acceptance by the Consultant of Final Payment will operate as a full and complete release of the City by the Consultant of and from any and all lawsuits, claims, or demands for further payment of any kind for the Services encompassed by the Final Payment.
- 2.6 <u>Deductions.</u> Notwithstanding any other provision of this Contract, the City may deduct and withhold from any payment or from Final Payment such amounts as may reasonably appear necessary to compensate the City for any loss due to (1) Services that are defective, nonconforming, or incomplete, (2) liens or claims of lien, (3) claims against the Consultant or the City made by any of the Consultant's sub-consultants or suppliers or by other persons about the Services, regardless of merit, (4) delay by the Consultant in the completion of the Services, the cost to the City, including reasonable attorneys' fees, of enforcing the terms of this Contract. The City will notify the Consultant in writing of the City's determination to deduct and withhold funds, which notice will state with specificity the amount of, and reason or reasons for, such deduction and withholding. Deductions are limited to the not-to-exceed budget detailed in Section 2.1.
- 2.7 <u>Use of Deducted Funds</u>. The City will be entitled to retain any and all amounts withheld pursuant to Section 2.5 above until the Consultant either has performed the obligations in question or has furnished security for that performance satisfactory to the City. The City will be entitled to apply any money withheld or any other money due to the Consultant to reimburse itself for any and all costs, expenses, losses, damages, liabilities, suits, judgments, awards, and reasonable attorneys' fees (collectively "Costs") incurred, suffered, or sustained by the City and chargeable to the Consultant under this Contract.
- 2.8 Keeping Books and Accounts. The Consultant must keep accounts, books, and other records of all its billable charges and costs incurred in performing Services in accordance with generally accepted accounting practices, consistently applied, and in such manner as to permit verification of all entries. The Consultant will make all project-related material available for time and material projects by the City, at the office of the Consultant during normal business hours during the Term and for a period of five years after termination of this Contract. Copies of such material will be furnished to the City at the City's request and expense.

#### **ARTICLE 3. PERFORMANCE OF SERVICES**

- 3.1 <u>Standard of Performance</u>. The Consultant must perform the Services in a manner consistent with the degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances in the Chicago Metropolitan Region ("Standard of Performance"). The Consultant is fully and solely responsible for the quality, technical accuracy, completeness, and coordination of all Services. All plans and other documents furnished by the Consultant shall be endorsed and stamped with professional seals when such seals are required by law.
  - 32 <u>Correction of Defects</u>. The Consultant must provide, for no additional

MPLD Board Packet 144 11/18/2025

-2-

Compensation and at no separate expense to the City, all work required to correct any defects or deficiencies in the performance of Services.

#### ARTICLE 4. INTENTIONALLY DELETED

#### **ARTICLE 5. INSURANCE**

- 5.1 <u>Insurance</u>. The Consultant must procure and maintain, for the duration of this Contract, insurance as provided in this Article 5.
  - 52 Scope of Coverage; Minimum Limits of Coverage.
- (a) <u>Commercial General Liability</u>. Insurance Services Office ("ISO"), or reasonable equivalent, Commercial General Liability occurrence form CG 0001, with the City and its officials, officers, employees, and agents named as additional insured on Insurance Services Office (ISO) Additional Insured Endorsement CG 2010 (Exhibit A) or CG 2026 (Exhibit B). Coverage must be at least \$1,000,000 combined single limit per occurrence for bodily injury and for property damage, and \$1,000,000 per occurrence for personal injury. The general aggregate must be twice the required occurrence limit. Minimum General Aggregate must be no less than \$2,000,000 or a project- contract specific aggregate of \$1,000,000.
- (b) <u>Automobile Liability</u>. Insurance Service Office Business Auto Liability coverage form number CA 0001, Symbol 01 "Any Auto." Coverage must be at least \$1,000,000 combined single limit per accident for bodily injury and property damage.
- (c) <u>Professional Liability</u>. Indemnification and for injury or damage arising out of negligent acts, errors, or omissions in providing professional services, including without limitation: (i) preparing, approving, or failure to prepare or approve maps, drawings, opinions, report, surveys, designs or specifications and (ii) providing direction, instruction, supervision, inspection, or engineering services or failing to provide them, if that is the primary cause of injury or damage. Coverage must be at least \$1,000,000 each claim with respect to negligent acts, errors, and omissions in connection with all professional services to be provided under this Contract.
- (d) <u>Workers' Compensation and Employers' Liability</u>. Workers' Compensation as required by the Workers' Compensation Act of the State of Illinois, and Employers' Liability insurance. Coverage must be at least Workers' Compensation Coverage with statutory limits and Employers' Liability limits of \$500,000 per accident.
- 53 <u>Deductibles and Self-Insured Retentions</u>. Any deductibles or self-insured retentions shall be set forth in the insurance certificate that the Consultant provides to the City.
- 5.4 <u>Additional Requirements</u>. The insurance policies must contain, or be endorsed to contain, the following provisions:
- (a) <u>Commercial General Liability and Automobile Liability Coverage</u>. The City and its officials, officers, and employees must be covered as additional insured as respects: liability arising out of the Consultant's work, including without limitation activities performed by or on behalf of the Consultant and automobiles owned, leased, hired, or borrowed by the Consultant. Coverage

-3-

must contain no special limitations on the scope of protection afforded to the City or its officials, officers, employees, and agents.

- (b) <u>Primary Coverage</u>. The insurance coverage must be primary with respect to the City and its officials, officers, and employees. Any insurance or self-insurance maintained by the City and its officials, officers, employees, and agents will be in excess of the Consultant's insurance and will not contribute to it.
- (c) <u>Severability of Interests/Cross Liability</u>. The insurance must contain a Severability of Interests/Cross Liability clause or language stating that the insurance will apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's policy.
- (d) Occurrence Form. All general liability coverage must be provided on an occurrence policy form. Claims-made general liability policies are not acceptable.
- (e) <u>Workers' Compensation and Employers' Liability Coverage</u>. The insurer must agree to waive all rights of subrogation against the City and its officials, officers, employees, and agents for losses arising from work performed by the Consultant.
- (f) <u>Professional Liability</u>. If the policy is written on a claims-made form, the retroactive date must be equal to or preceding the effective date of this Contract. If the policy is cancelled, non-renewed, or switched to an occurrence form, then the Consultant must purchase supplemental extending reporting period coverage for a period of not less than three years after the date of substantial completion.
- (g) <u>All Coverage</u>. Each insurance policy required must have the City expressly endorsed onto the policy as a Cancellation Notice Recipient. If a policy is canceled before the expiration date of that policy, then notice must be delivered to the City at least 30 days prior to the expiration date.
- (h) Acceptability of Insurers. Insurance must be placed with insurers with a Best's rating of no less than A-, VII, and licensed to do business in the State of Illinois.
- (i) <u>Waiver of Limitation</u>. The Consultant hereby agrees to waive any limitation as to the amount of contribution recoverable against it by the City. This specifically includes any limitation imposed by any state statute, regulation, or case law, including any Workers' Compensation Act provision that applies a limitation to the amount recoverable in contribution, such as *Kotecki v. Cyclops Welding*. Each sub-consultant also must agree to this waiver.
- 55 Verification of Coverage. The Consultant must furnish the City with certificates of insurance naming the City and its officials, officers, employees, and agents as additional insured and with original endorsements affecting coverage required by this Article 5. The certificates and endorsements for each insurance policy must be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements may be on forms provided by the City or may be ISO Additional Insured Endorsements CG 2010 or CG 2026, or a reasonable equivalent, and in any event must be received and approved by the City before any work commences. The City reserves the right to request a copy of each insurance policy and endorsement, with confidential and sensitive information redacted by the Consultant.

#### **ARTICLE 6. ARBITRATION**

Arbitration. Any controversy or claim arising out of or relating to this Contract, or the breachthereof, shall be settled by binding arbitration administered by the American Arbitration Association under its Construction Industry Arbitration Rules or JAMS Dispute Resolution, as determined in the exclusive discretion of the City, at 333 N. Green St. McHenry, Illinois, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The parties agree that an arbitration award by default may be entered upon the party failing to appear or defend itself in any arbitration proceeding. In the event of any arbitration or litigation of this Contract, the non-prevailing party, as determined by the arbiter or court, shall pay all expenses incurred by the prevailing party, including, but not limited to (a) attorney's fees, (b) filing costs, (c) witness fees, and (d) other general expenses of arbitration or litigation.

#### **ARTICLE 7.... INTENTIONALLY DELETED**

#### **ARTICLE 8. TERMINATION**

- 8.1 <u>Contract is At-Will</u>. This Contract is at-will and may be terminated by the City at any time at the City's convenience, without reason or cause. If the City terminates this Contract without reason or cause, then the Consultant will be entitled to Compensation for all Services performed by the Consultant up to the date of termination. The Consultant is not entitled to any consequential damages, including, without limitation, for lost profit, for any Services not performed by the Consultant.
- Termination by City for Breach. The City, at any time, by written notice providing Consultant with 10 days to cure any alleged breach hereof, may terminate this Contract of breach by the Consultant and of one or more terms of this agreement. "Breach" by the Consultant includes (a) failure of the Consultant to adhere to any terms or conditions of this Contract, (b) failure of the Consultant to properly perform Services, (c) or failure of the Consultant to maintain progress in the performance of Services so as to endanger proper performance of the Services within the Project Schedule, (d) failure of the Consultant to have or maintain adequate resources to complete any Services.
- 83 <u>City Remedies.</u> If the City terminates this Contract for Breach by the Consultant, then the City will have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:
- (a) The City may recover from the Consultant any and all costs, including, without limitation, reasonable attorneys' fees, incurred by the City as a result of any Breach or as a result of actions taken by the City in response to any Breach.
- (b) The City may withhold any or all outstanding Compensation to reimburse itself or pay for any and all costs, including, without limitation, reasonable attorneys' fees, incurred by the City as a result of any Breach or as a result of actions taken by the City in response to any Breach. In that event, the City will pay any excess funds to the Consultant, if any, after all of the City's costs are reimbursed or paid. If the Compensation withheld by the City is insufficient to reimburse the

-5-

City for, or pay, all costs, then the City will have the right to recover directly from the Consultant a sum of money sufficient to reimburse itself, or pay, all remaining costs.

8.4 <u>Termination by Consultant for Breach</u>. The Consultant at any time, by written notice, terminate this Contract on account of failure by the City to properly pay the Consultant and failure of the City to cure the breach within 10 days after that written notice or such further time as the Consultant may agree, in the Consultant's sole discretion, in response to a written notice from the City seeking additional time to cure.

## ARTICLE 9. LEGAL RELATIONSHIPS AND GENERAL REQUIREMENTS

- 9.1 <u>Consultant as Independent Consultant</u>. For purposes of this Contract, the Consultant is an independent consultant and is not, and may not be construed or deemed to be an employee, agent, or joint venturer of the City.
- 9.2 Ownership of Data and Documents. All data and information, regardless of its format, developed or obtained under this Contract (collectively "Data"), other than the Consultant's confidential information, will be and remain the sole property of the City. The Consultant must promptly deliver all Data to the City at the City's request. The Consultant is responsible for the care and protection of the Data until its delivery. The Consultant may retain one copy of the Data for the Consultant's records, subject to the Consultant's continued compliance with the provisions of this Article. The City hereby indemnifies the Consultant for damages caused by the City's misuse or reuse of Data not originally intended.
- 9.3 <u>Notices</u>. Any notice or communication required by this Contract will be deemed sufficiently given if in writing and when delivered personally or upon receipt of registered or certified mail, postage prepaid, with the U.S. Postal Service and addressed as follows:

If to the City:
City Administrator
City of McHenry
333 S. Green Street
McHenry, Illinois 60050

with a copy to:
Director of Economic Development
City of McHenry
333 S. Green Street
McHenry, Illinois 60050

#### If to the Consultant:

Pete Iosue Teska Associates, Inc. 24103 W Lockport Street Unit 107 Plainfield, IL 60544

or to such other address as the party to whom notice is to be given has furnished in writing.

**CITY OF MCHENRY** 

- 9.4 <u>No Waiver by City</u>. No act, order, approval, acceptance, or payment by the City, nor any delay by the City in exercising any right under this Contract, will constitute or be deemed to be an acceptance of any defective, damaged, flawed, unsuitable, nonconforming, or incomplete Services or operate to waive any requirement or provision of this Contract or any remedy, power, or right of the City.
- 9.5 <u>No Third-Party Beneficiaries</u>. This Contract is for the benefit of the City and the Consultant only and there can be no valid claim made or held against the City or the Consultant by any third party to be a beneficiary under this Contract.
- 9.6 <u>Survival of Terms</u>. The following sections will survive the termination of this Contract: 3.2, 6.1, 8.4, 9.7, 9.8, and 9.9.
- 9.7 <u>Assignments</u>. The Consultant may not assign or transfer any term, obligation, right, or other aspect of this Contract.
- 9.8 Amendments. This Contract may be amended only in writing executed by the City and the Consultant.
- 9.9 <u>Governing Law.</u> The validity, construction, and performance of this Contract and all disputes between the parties arising out of or related to this Contract will be governed by the laws of the State of Illinois without regard to choice or conflict of law rules or regulations.

WHEREFORE, the City and the Consultant have caused this Contract to be executed by their duly authorized representatives as of the Effective Date.

# Exhibit A DATED OCTOBER 2, 2025 SCOPE OF WORK PHASE 1: ELIGIBILITY FINDINGS REPORT

#### 1.1 Kick-Off Meeting.

Teska will meet with the City to discuss the project. Discussion topics will include the proposed Study Area boundary-attached hereto and incorporated and Exhibit A-1, coordination with the City Engineer regarding potential flooding issues, infrastructure, potential redevelopment projects, project phasing, meeting schedules and processes.

#### 1.2 Eligibility Field Inventory.

Teska will conduct a field survey of all parcels (and structures) within the designated Study Area in order to identify the existing land uses, vacancies, site conditions, above ground public infrastructure conditions, and the characteristics of any existing buildings in accordance with the eligibility criteria contained in the Act. A selective photographic inventory of the properties covered in the field survey of the Study Area will be prepared.

#### 1.3 Background Data Collection and Analysis.

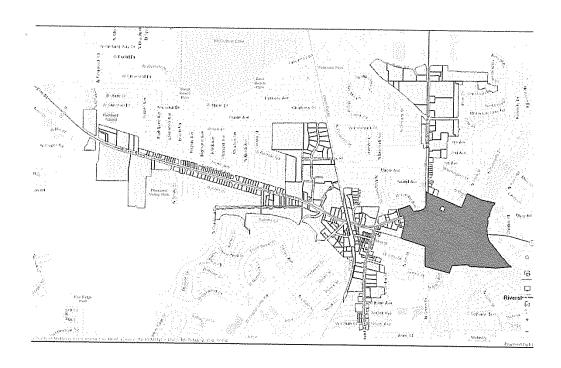

Teska will work with the City (and the appropriate McHenry County departments) to obtain supplemental information from official records related to the eligibility of the proposed Study Area. Supplemental information includes base maps with tax identifiers, ages of structures, presence of illegal uses, documented code violations, occupancy and vacancy status of structures, infrastructure deficiencies, equalized assessed values, and tax delinquencies. The information obtained through the field survey and through the review of pertinent documents will be tabulated and analyzed to ensure that the proposed Study Areas are eligible as a Redevelopment Project Area in accordance with the Act.

#### 1.4 Eligibility Findings Report(s).

A draft report (or reports) will be prepared for the Study Areas which will outline the eligibility status of the parcels included in the proposed TIF districts. The report will include maps to show the proposed TIF boundaries, and any documented eligibility criteria existing within the <u>Study Areas</u>.

The Study Area Boundaries

#### Senate Resolution 104 Adopted October 15, 2025

'ISLServices' via Director <director@mchenrylibrary.org> Reply-To: ISLServices <ISLServices@ilsos.gov>

Thu, Oct 23, 2025 at 4:21 PM

On behalf of the Secretary of State and State Librarian, Alexi Giannoulias, I would like to share with you a copy of Senate Resolution 104, adopted by the Illinois Senate on October 15, 2025. The resolution, sponsored by Senator Laura Murphy, recognizes the vital role of library trustees in operating our great public libraries across the state. It also recognizes the importance of library trustees getting the training and support needed to perform their trustee functions to the best of their abilities.

Please share this resolution with your board of trustees and also share this link to the iLEAD Trustee Training portal, iLEAD Trustee | iLEAD TRUSTEES, developed through the Illinois Heartland Library System with funding from this office.

Senate Resolution 104 104th General Assembly.pdf

# Senate Resolution

#### ONE HUNDRED FOURTH GENERAL ASSEMBLY

Senate Resolution No. 104

Offered by Senator Laura M. Murphy

WHEREAS, Public libraries serve as essential community institutions that provide access to information, education, and cultural resources to all residents; and

WHEREAS, The governance and oversight of public libraries is entrusted to library trustees who play a critical role in ensuring that libraries operate efficiently, equitably, and in the best interests of the public; and

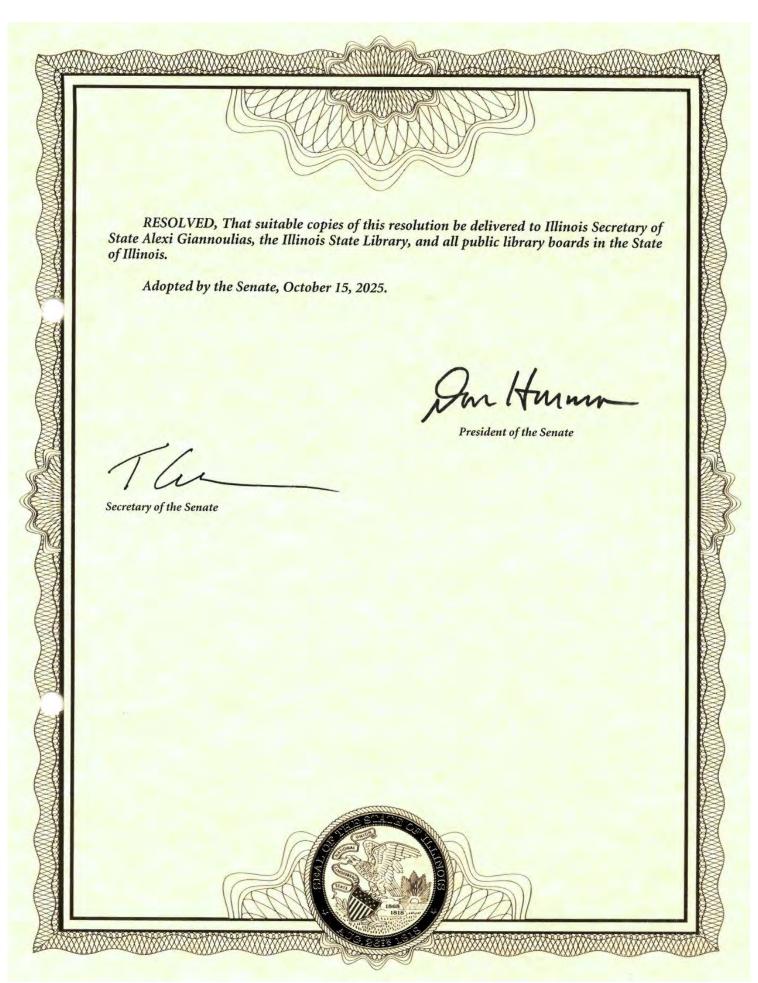

WHEREAS, Library trustees must navigate complex legal, financial, and policy matters, including issues of intellectual freedom, budgeting, and community engagement; and

WHEREAS, The Office of the Illinois Secretary of State provides training and educational resources for library trustees to enhance their knowledge of their responsibilities and the best practices in library governance; and

WHEREAS, Continuing education and training for library trustees is vital to maintaining strong and well-functioning libraries that serve the diverse needs of Illinois residents; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge all public library trustees to participate in ongoing training programs provided by the Illinois Secretary of State to strengthen their ability to effectively oversee library operations and services; and be it further

RESOLVED, That we encourage the Illinois Secretary of State to expand and enhance library trustee training opportunities, ensuring that all library board members have access to comprehensive education on governance, ethics, and policy matters; and be it further

October 9, 2025

Via Email: <u>ljakacki@mchenrylibrary.org</u> Lesley Jakacki, Executive Director McHenry Public Library District 809 Front St. McHenry IL 60050

Re: Retirement and transition

Dear Lesley:

It has been my pleasure to serve as special counsel to the McHenry Public Library District. I wanted to reach out to you personally to let you know that I will be retiring at the end of the year (December 31, 2025). As you can imagine, this has not been an easy decision for me to make as I have enjoyed working with you and all of the firm's clients and the practice of local government law.

As you know, Ancel Glink has a very deep bench, with more than 45 lawyers who have extensive experience and expertise in all areas of local government law, including library law. The firm would welcome the opportunity to continue to serve as your lawyer, and my colleagues Kurt Asprooth and Erin Monforti are ready to continue the excellent service you have come to expect from Ancel Glink. Over the next three months, I will be active in assisting in the transition process, and I have also agreed to stay on at Ancel Glink in 2026 as a consultant so I can be a resource to the firm and its attorneys in ensuring a smooth transition. I will also continue to author the Municipal Minute blog, a resource that so many of the firm's clients and others rely on for updates on local government issues.

If you have any questions about this letter or the transition, please do not hesitate to reach out to me. Again, it has been my pleasure to work with you and the Library.

Sincerely yours,

Julie A. Tappendorf

cc: Kurt Asprooth (kasprooth@ancelglink.com) and Erin Monforti (emonforti@ancelglink.com)

### McHenry Public Library District

#### LIBRARIAN'S REPORT

#### OCTOBER 2025

#### Administration

- Nine staff members completed their American Heart Association's CPR/AED training.
- L. Jakacki was named Chair of CCS's Database Management Advisory
  Group. This multifunctional multi-library group reviews requests made by
  member libraries for changes to the ILS configuration or system-wide policies
  and practices.
- L. Jakacki meet with Trustee O'Hagan on October 6 to review the library's current budget and what type of expenditures are classed under the various budget lines.
- The Friends of the Library held a successful Fall Booksale the weekend of October 18-19, and a clearance sale on October 26. They had many attendees and sold off a large amount of their inventory.
- SMC Construction Services began bringing various vendors to review the building and its' systems as they work on developing our facilities plan.

#### **Adult Services**

- T. Hillier had a longtime patron come in looking for information after taking a
  genealogy DNA test that provided relatives matched by DNA. Thomas was
  able to find and provide contact information for them to reach out to this
  new relative, and they are now researching through library genealogy
  databases to see how they are related.
- A. Colgan ran the library's first "True Crime Book Club" this month, as well as Creepy Craft Night, a Halloween event with rotating craft stations. There was lots of interest in both programs, and good feedback from patrons. Alisha will continue to offer seasonal crafts and new book discussions when possible.
- K. Kimbrel delivered materials to 15 patrons across six assisted living centers, and another six patrons at-home through our Home Delivery service.
- M. Spaargaren represented MPLD at the McHenry County Reads collaborative author event at MCC, An Evening with Mary Kubica. 180 patrons from 10 libraries attended to hear Mary, an Illinois author, speak about her upcoming thriller, It's Not Her.
- A patron needed guidance on where and how to buy plane tickets. They
  stated that they used a third-party app twice and have been scammed both
  times. L. Martinez sat down with them, advised them to use the airline's actual

website, walked them through the steps, and kept showing them how to not be scammed. At the end, they received the email confirmation about their purchase, and Larissa printed out the confirmation to give them extra reassurance. She then gave them the customer service number to the airline company in case anything went wrong or they wanted further confirmation. In the age of Al and modernized scams, library staff are increasingly important in providing digital literacy to adult patrons.

G. Pedroza set up the Ofrenda comunitaria (Community Ofrenda) along with A. Mesino and B. Salazar for Día de los Muertos (Day of the Dead). This offering altar included information about the symbols and traditions of the celebration, and offered staff and patrons a chance to include their loved.

ones or pets to the remembrance.

#### **Building Services**

- Building Services was busy finishing any remaining outdoor maintenance tasks before the cold weather and snow sets in. This Included getting the snow blowers up and running, and preparing snow removal supplies.
- Many outside vendor service requests were completed this month including a
  recall and tune up on the John Deere tractor, warranty roof repairs, folding
  partition annual maintenance, elevator repairs and irrigation system
  winterization.
- Building Services staff received 42 work requests in October and closed out 45 requests during the month.

#### Circulation

- New hires A. Olson, M. Tait, and S. Dominguez spent most of October training with K. Johnson, and have come out of it hitting the ground running.
- The backlog of shelving and picklist processing has been diminished and has reached manageable levels.
- P. Toto attended the Circ Technical Group meeting at CCS in Lincolnshire.

#### **Human Resources**

 Our October Staff In-Service opened with Director L. Jakacki reflecting on the Library's SWOT analysis from several years ago and our progress to date. J. May conducted the Library's annual Non-Discrimination and Anti-Harassment training, followed by M. Spaargaren's session on Generative Al Basics, which explored practical Al applications and important considerations. We concluded the training day with department meetings.

- Open enrollment for health, dental, vision, and supplemental insurance began in late October and will be open through mid-November for eligible staff to make their selections.
- J. Lombardo completed our Temporary Substitute position in our Adult Services Department.
- Our current headcount for September was 35: 16 FT (37.50 hours weekly), with 19 PT staff members.
- Average merit increase for FY 24/25 (year-to-date) is 2.51%
- Average merit increase for FY 25/26 (year-to-date) is 2.76%

#### Marketing

- The November/December *Preface* was mailed to district residents around the 16<sup>th</sup>, and work on the January/February 2026 *Preface* began.
- Major promotions this month were Hispanic Heritage Month events and the Friends of the Library Book Sale.

#### **Technical Services**

- A. Meads worked with Brodart staff to set up ordering grids for English language materials. She ran multiple reports and cross-referenced them with our open orders to ensure everything was cancelled by Baker & Taylor before providing the information to materials selection staff so they could reorder through other vendors. She also completed CPR/AED training.
- K. Meadows participated in the McHenry Murder Mystery Outreach event on October 4th and reports that they had a great turnout, and people loved the mystery book list library staff handed out. She met a lady who said she had just renewed her library card, which had expired for a few years, and has grandchildren now, and was excited to get her grandchildren involved in some of the library's programs. She also took the Workplace Essentials Time Management course from the McHenry County College Talent Impact Center.
- M. Ortmeyer attended the Library Schools Spotlight webinar and completed the 4-week RAILS course on Copy Cataloging Print Materials.

#### Technology

- IT verified that all devices running windows 10 had either been upgraded to Windows 11, replaced, or had an Extended Security Update license installed.
- IT installed Chrome OS Flex on a few of our old laptops that do not support Windows 11. This will allow them to be used as Chromebooks for staff and extend their useful life.
- K Krewer attended the LACONI technology section meeting on October 21
- K Krewer met with MK Solutions on October 31 to go over setup of the RFID Inventory Blade. It has now been given to Circulation begin testing for use.

#### **Youth Services**

- B. Salazar and C. Jimenez both participated in the Community Walk at Edgebrook Elementary School where they walked the school's track alongside students and teachers. They reported that it was really fun to get to connect to the kids and participate in an activity that promoted health and wellness.
- J. Einoris represented the library along with K. Krewer and A. Meads at Berkshire Hathaway's Trunk or Treat event. Nearly 400 individuals stopped by the library's two trunks!
- S. Kordistos was grateful to have attended the Illinois Library Association's Annual Conference in Rosemont. This year's theme of the conference was You Belong Here, celebrating inclusivity and belonging for patrons and library workers alike.
- For Fire Prevention Week, J. Einoris invited members of the McHenry Township
  Fire Protection District for a special storytime. Everyone had a wonderful time
  and the kids loved checking out the fire truck after the program!
- S. Kordistos created a fun virtual storytime video all about breakfast that received 574 views.
- B. Salazar reports that patrons who attended the Ofrenda program were excited to hear that we hold these types of programs and that more adults attended than children!
- T. Song has officially taken over the Preschool Storytime program with great success. Attendance has steadily increased as we build that program back up. We are so glad to have her on board!
- A. Stansbury and C. Jimenez successfully completed Heartsaver CPR and AED training from the American Heart Association and the McHenry Township Fire Protection District.

#### **Patron Comments and Suggestions**

#### **RECEIVED OCTOBER 3, 2025**

This afternoon we parked alongside the library on the north side in front of the windows. A library employee appeared to be washing or caulking or painting the base of the windows. We had brought two large boxes of books to be donated and lifted them out of our car. We said hello to the worker and he asked if we needed any help to carry the boxes in. We were OK, but thanked him for his very kind offer. This was an extraordinary demonstration of service and he should be commended. We didn't get his name.

#### RECEIVED OCTOBER 7, 2025

Alie was most helpful, cordial and patient. She was a good representation of the McHenry Library.

Patron: Jerry Rankin Comment Source: Comment Card

**RECEIVED OCTOBER 16, 2025** 

Time to get a subscription to "Chronicles" Magazine. Why are your periodicals one sided.

Patron: Tax Payer Comment Source: Comment Card

#### RECEIVED OCTOBER 26, 2025

I wish we were fine-free again! Especially the \$1 fine for reserves! We are the only library that have fines! Circulation has the best employees! They are <u>SO</u> helpful.

Patron: No name given Comment Source: Comment Card

#### **RECEIVED OCTOBER 26, 2025**

Circulation is wonderful at McHenry Library. However I wish we didn't have fines for late fees of pickup holds. Thank you.

Patron: No name given Comment Source: Comment Card

#### **RECEIVED OCTOBER 31, 2025**

A heartfelt thank you for a wonderful Trick (Trunk) or Treat! Every single family said they had a great time. Thank you for helping us spread a little joy and Halloween.

Patron: Marge, Berkshire Hathaway/Starck Real Estate

McHenry Public Library District

# Illinois Library Association (ILA) Conference Executive Summary, October 14th to October 16th

Submitted by: Skye Kordistos

#### Overview

Attending the Illinois Library Association (ILA) Conference for my first time provided a valuable professional development experience, offering fresh ideas, practical tools, and opportunities to network with fellow librarians and vendors. The sessions emphasized belonging, inclusion, empathy, and innovative programming—principles directly applicable to library services and community engagement.

#### **Key Takeaways**

#### 1. Belonging and Inclusion

Dr. Terrell Strayhorn's keynote address underscored the importance of belonging as a fundamental human need. His discussion on deconstructing barriers and constructing supportive environments encouraged reflection on how libraries can actively foster inclusion and community connection.

#### 2. Engaging Library Programs

Sessions on graphic novels and social-emotional storytelling highlighted the power of creative media in reaching diverse audiences—including neurodiverse, nonverbal, and English language learner patrons. The proposed "Battle of the Graphics" challenge and Thrive Kits for students were standout ideas for future youth programming.

#### 3. Supporting Diverse Patrons and Staff

Presentations on social-emotional learning and neurodiversity provided actionable steps for creating inclusive environments—ranging from accessible hiring practices to developing support groups and inclusive program models.

#### 4. Networking and Vendor Insights

Conversations with vendors such as Demco and the DuPage Children's Museum introduced new resources for signage, displays, and traveling exhibits that could enhance youth and family engagement within the library.

#### 5. Inspiration and Professional Growth

Keynotes by Shermann "Dilla" Thomas and Roy Kinsey provided personal and cultural perspectives on libraries' roles in community identity, literacy, and creative expression. These talks reinforced the library's role as a space of connection, storytelling, and empowerment.

#### Conclusion

The ILA Conference was an enriching and motivating experience that strengthened my professional knowledge, introduced innovative program ideas, and expanded connections within the library community. The insights I gained will inform future programming, outreach, and inclusive practices at the library.

This was a great conference and I was able to talk with different people, multiple vendors, and got the opportunity to network with other librarians in hopes that I can share ideas with them to gain advice on future projects. I thank you for this opportunity to attend and look forward to sharing with my fellow librarians.

Thank you, Skye Kordistos

#### E-Resources for All: Building an Inclusive and Demand-Driven Digital Collection

This session discussed the best practices for building an inclusive, highly used e-resource collection that reflects the real needs of the community. Panelists discussed the lifecycle of e-resource management, including evaluating new products, handling trials, negotiating with vendors, communicating with staff, rolling out new resources to the public, tracking usage, managing accessibility requirements, and making retention decisions. The main message of the session was ensuring that e-resource selection is driven by community needs. I can apply these strategies by using local demographic data to identify the most relevant e-resources, developing an evaluation process that includes cost-per-use targets, authentication considerations, and vendor accessibility compliance, review usage statistics, and patron feedback to decide what to retain or drop and lastly involve staff to test trials.

#### Your Next Chapter: Redefining Library Skills and Belonging

This session explored how information access and technology is creating new opportunities for library workers to redefine their roles and career paths. Panelists shared personal experiences of carving out careers both in and out of traditional library settings with some advancing without an MLIS, moving between library types, or going into vendor roles. The main message was that library skills are highly transferable, and people can shape their own professional stories. I can implement these in my current role by identifying and strengthening transferable skills that could serve both my current position and future opportunities, try new responsibilities within the library, even if it's something small to build a skill set, and make connections within the library field through collaboration, presentations, or professional development events.

#### Ready for Anything: Responding to First Amendment Audits

This session focused on preparing library staff to respond confidently and appropriately to First Amendment audits. Presenters explained why these encounters are becoming more common, the legal protections involved, and how libraries can minimize risk through clear policies, staff training, and de-escalation strategies. Since these encounters are often shared online, how a library reacts can determine whether the situation escalates or ends quickly and calmly. I can apply by making sure I understand the library's policies on filming, privacy, and behavior so I can enforce them during an audit, if approached by an auditor, I'll keep my tone even, maintain professional body language, and avoid arguments or emotional reactions and be aware of my space such as keeping my area organized, with sensitive materials stored away.

#### Culture, Collaboration, and Community: Addressing the Loneliness Epidemic

This session discussed the growing issue of loneliness and social isolation, which has significant impacts on both physical and mental health. The presenters shared how Skokie Public Library is responding by creating programming that fosters connection and belonging. The library's approach emphasizes listening to community feedback and collaborating across departments

to create a welcoming environment. I can implement these ideas by gathering ongoing community feedback using tools like whiteboards and comment cards, being approachable, and engaging with patrons to foster a sense of belonging in everyday interactions and helping patrons find community resources and health services the library coordinates, especially those addressing social isolation or mental health.

#### Standard 9: Marketing & Promotion

Marketing and promotion play a critical role in the success and sustainability of public libraries. It is more important than ever for public libraries to tell their stories, collect data and measure success in order to sustain interest and support within their communities. When libraries utilize a variety of digital, print and face-to-face interactions, they not only raise awareness of their services, programs and collections but also retain and increase library users. Libraries that invest in marketing and promotion practices will successfully showcase value, impact, and return on investment to their communities.

| Standard | Core                                                                                                                                                                                                                                                                                                                         | Intermediate                                                                                                                                                               | Advanced                                                                          | Comments/Improvement Plans                                                                                                                                                                                                                                                                                                                                                                                      |

| 1        | The library uses a variety of print, digital and interpersonal methods to actively promote its collections, programs, and services to the community.                                                                                                                                                                         | The library has a marketing guide that outlines where and how the library will market its services, programs and collections.                                              | The library adopts a formal marketing plan.                                       | We offer a balance of digital and print marketing to social media, email, press releases, text message blasts, 12-page newsletter, and flyers/posters. Biweekly marketing meetings help us determine our immediate future marketing plans. Our current style guide is outdated and provides little guidance on marketing plans and standards. This update is in progress.                                       |
|          | ✓                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                            |                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                 |
| 2        | The board, director and staff are familiar with public relations and marketing initiatives developed by the regional library systems, the Illinois State Library, the Illinois Library Association, and the American Library Association (e.g., iREAD, Banned Books Week, National Library Week, Library Card Signup Month). | The library provides training opportunities for the director, staff, and/or board to learn effective methods to promote library services in consistent and strategic ways. | The library has one or more dedicated employees for marketing and graphic design. | We have internal calendars and keep these initiatives in mind, but no formal guide on which to prioritize and when to begin and end these campaigns is set. This can be included in a Yearly or (Quarterly) Monthly Marketing plan to help report and keep staff/board updated on our efforts, and should include talking points for staff to increase word of mouth marketing for these and other initiatives. |

|   | $\checkmark$                                                                                                                   | ightharpoons                                                                                                                                            |                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

#### **Standard 10: Programming**

Programming is one of the channels through which libraries fulfill their mission of bringing people together for educational, recreational, and civic or community purposes. Literacy initiatives such as storytimes and book discussions encourage a love of reading and provide an opportunity to highlight library collections. Lifelong learning programs empower patrons with new information and improved skills that support their academic and vocational advancement, as well as their personal growth. Cultural programs promote appreciation of the arts and introduce participants to a variety of world traditions. Arts and crafts and do-it-yourself workshops foster creativity and ingenuity. Recreational programs combat social isolation and encourage interaction with others in the community. Programming can also serve as outreach to the community and promotion of the library's services by offering a wide variety of events that appeal to both regular and new uses. Programs may be in-person, virtual, or hybrid; they may include traditional presenter-led events as well as opportunities for self-directed activities by patrons. Programming must strive to welcome people of all ages, abilities, identities, and backgrounds.

| Standard | Core                                                                                                                                | Intermediate                                                                                                                                        | Advanced                                                                                                     | Comments/Improvement Plans                                                                                                                                                                                                                                                                                                 |

| 2        | The library follows all local, state, and federal accessibility requirements in the presentation of in-person and virtual programs. | The library strives to provide various modes of program participation to accommodate patrons of all abilities (e.g., low lighting, enhanced audio). | The library designs dedicated programs for patrons with specific needs (e.g., autism, dementia, low vision). | We have an ADA compliance policy and are able to provide most patron's preferred accommodations (e.g.: ASL interpretation, portable assistive listening devices) with adequate notice. Compliant with lawful service animal policy. Plans to adopt a hearing loop in our meeting rooms and at service desks when feasible. |
|          | $\checkmark$                                                                                                                        |                                                                                                                                                     |                                                                                                              |                                                                                                                                                                                                                                                                                                                            |

| 3 | The library has a board-approved programming policy for all ages that includes a protocol for response to challenges.                                                   | N/A                                                                                                                                                            | N/A                                                                                                                                                          | Currently, no programming policy and no accompanying reconsideration form for programs.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

|   |                                                                                                                                                                         |                                                                                                                                                                |                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 4 | The library regularly assesses the needs of its community, either formally or informally, to inform its program planning.                                               | The library partners with local educational, social, cultural, and recreational organizations in order to present programs that address the community's needs. | The library draws on its community partnerships to provide programs in alternate venues in order to reach specific populations who cannot visit the library. | Assesses needs informally. Uses community feedback through comment cards, social media, emails, and surveys that determine needs of specific populations. Staff provide feedback through participant observation. Partner for programs and field trips with schools, community groups (e.g.: Pioneer Center, PFLAG McHenry; McHenry County Health Department), and cultural organizations (e.g.: Youth and Family Center; Mano a Mano). Some events take place offsite (storytime at McDonalds; author events at MCC). Planning to increase partnerships with more offsite programs/book groups in 2026. |

#### Standard 11: Safety & Emergency Preparedness

Public libraries strive to be welcoming community centers safe for all who enter. Libraries should have written plans and policies to manage safety and security concerns, emergencies, and disaster recovery. Library staff should be well-versed in all emergency and safety plans, policies and protocols and have training on how to handle difficult situations with patrons. Local, state and federal safety and emergency laws should be reviewed on a regular basis. It is also critical that libraries maintain open lines of communication with the community and first responders.

| Standard | Core                                                                                                                           | Intermediate                                                                                            | Advanced                                                                                                                                      | Comments/Improvement Plans                                                                                                                                                                                                                                                                                                                                                                                                             |

| 2        | Staff have ready access to emergency call information for police, fire, director, board, and other relevant staff.             | The library staff have ready access to all library key service providers (plumbing, electric, roofing). | The library has a designated team that works to provide safety and emergency training, protocols and communications to both staff and public. | Access to emergency contact information is determined by staff roles within the organization. All staff have access to police and fire department contacts, as well as the Director and relevant personnel. Managers and team leads maintain contact information for the Board of Trustees and service providers. The Building Services Manager and Executive Director are responsible for coordinating safety and emergency training. |
|          | $\square$                                                                                                                      |                                                                                                         |                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| 3 | The library provides training for staff on safety and emergency preparedness.                                                                                                                           | The library includes safety and emergency training in new employee on-boarding procedures.                 | In addition to safety and emergency training procedures, the library also offers medical training for staff (first aid, CPR, AED, etc.).                            | Annually, the Library conducts tornado and fire drills, as well as bloodborne pathogen training. New hires receive a safety walkthrough from the Building Services Manager to identify all safety equipment and emergency exit routes throughout the building. Persons in charge, full-time staff, and building services personnel are trained in CPR/AED, while all staff members receive opioid overdose response training. |

| 5 | Library entrances, exits, evacuation routes, locations of designated tornado shelters, emergency supplies, fire alarms, and fire extinguishers are clearly marked and visible for staff and the public. | Floor plans with designated emergency routes and equipment are displayed and shared with first responders. | The library has thorough documentation for emergency responders that includes location of mechanical, electric, plumbing, ladders, and current building blueprints. | Fire alarms, extinguishers, and emergency exits are clearly marked. However, updated signage is needed to indicate tornado shelters and emergency supply locations. Floor plans have been shared with first responders previously, but we need to verify they still have them due to changes in personnel.                                                                                                                    |

#### Standard 12: Technology

Technology is an integral part of any library. Technology transforms the library into a dynamic hub of information, learning, and community engagement. Libraries offer a wide array of digital services and tools that cater to the diverse needs of their communities. From providing access to e-books, high-speed internet, and online learning platforms to offering maker spaces equipped with 3D printers and coding workshops, technology has expanded the role of libraries far beyond traditional boundaries. By bridging the digital divide, fostering lifelong learning, and supporting innovation, technology ensures that libraries remain relevant and accessible in an increasingly digital world.

| 5 | The library takes steps to protect the integrity, safety and security of all technology. This may include antivirus software, firewalls, authentication, routine upgrades, patches, and scheduled data backup.             | The library provides staff training for best practices in computer safety and includes cyber security in its liability insurance.                             | The library conducts annual penetration testing to evaluate security measures to determine if improvements or upgrades are needed. | Our IT staff and managed service provider maintain robust security measures and respond quickly to threats. Staff complete bi-monthly cybersecurity training and quarterly phishing tests. We carry basic cybersecurity insurance and are exploring expanded coverage. Penetration testing is planned for the future. |

| 9 | The library is aware of emerging technology trends such as the maker movement. | The library offers maker tools (e.g., video cameras, 3D printers, digital conversion devices) either for in-house use or check-out. | The library offers a maker space with a dedicated staff who are knowledgeable of the equipment. | We offer a variety of makerspace technology items available for checkout. In-house use is currently limited due to space constraints, but we plan to add more digital conversion devices to our local history room. |
